CLASS OF FIFTY-ONE

(signed) Eugene Cohen, President

(signed) Arthur L. Dunphy, Author

WHATEVER BECAME OF

Pauline Hunter Whittaker

Employed as a Customer Sales Representative with the Bank of Boston. Married to Dick Whittaker formerly of Scituate. We have three children: Terie, an international auditor with Colgate-Palmolive; Gregory, a recent engineering graduate of the University of Lowell, and Suzanne, a sophomore at the University of Mass., Amherst.

Lois Merritt Barnes

Graduated Tufts University; taught kindergarten in MA, Colorado and CT. Have 3 teenagers - 1st daughter entering college, now a vocational counselor in a handicapped & retarded students program. Would like to return to Scituate to live someday.

I'm unable to make a banquet commitment at this time due to, for the first time in several years, our 3 children's plans. This year our oldest is leaving a day or 2 after graduation for camp in Maine for the summer to be a counsellor. Our 2nd daughter leaves 5 days later to tour Scotland and Wales with a Chorale group for 2 weeks. Our son leaves for Maine for camp 4 days after that - returning (with all the dirty laundry) on July 25th.

In the meantime our 2nd daughter has returned from the British Isles, gone on a church canoe trip and then wants to go to No. Dakota to a Rainbow Grand Assembly - all at 17!!

Life for our parents was a little less hectic - right?

Marlene Lopes Corey

After graduation, worked for three years, married in April 1954. Have 5 children, 3 boys and 2 girls - 2 are married, no grandchildren. My husband is retiring in June of this year and we plan to travel. He is retiring after 32 years with the Falmouth Police Department as a detective sergeant in charge of detectives. Looking forward to our 35th Class Reunion.

Glenn Wilder

Took over the family business in North Scituate with two brothers and have established a tire and auto repair shop. Have two children and one grandchild.

Virginia Cole Burtner

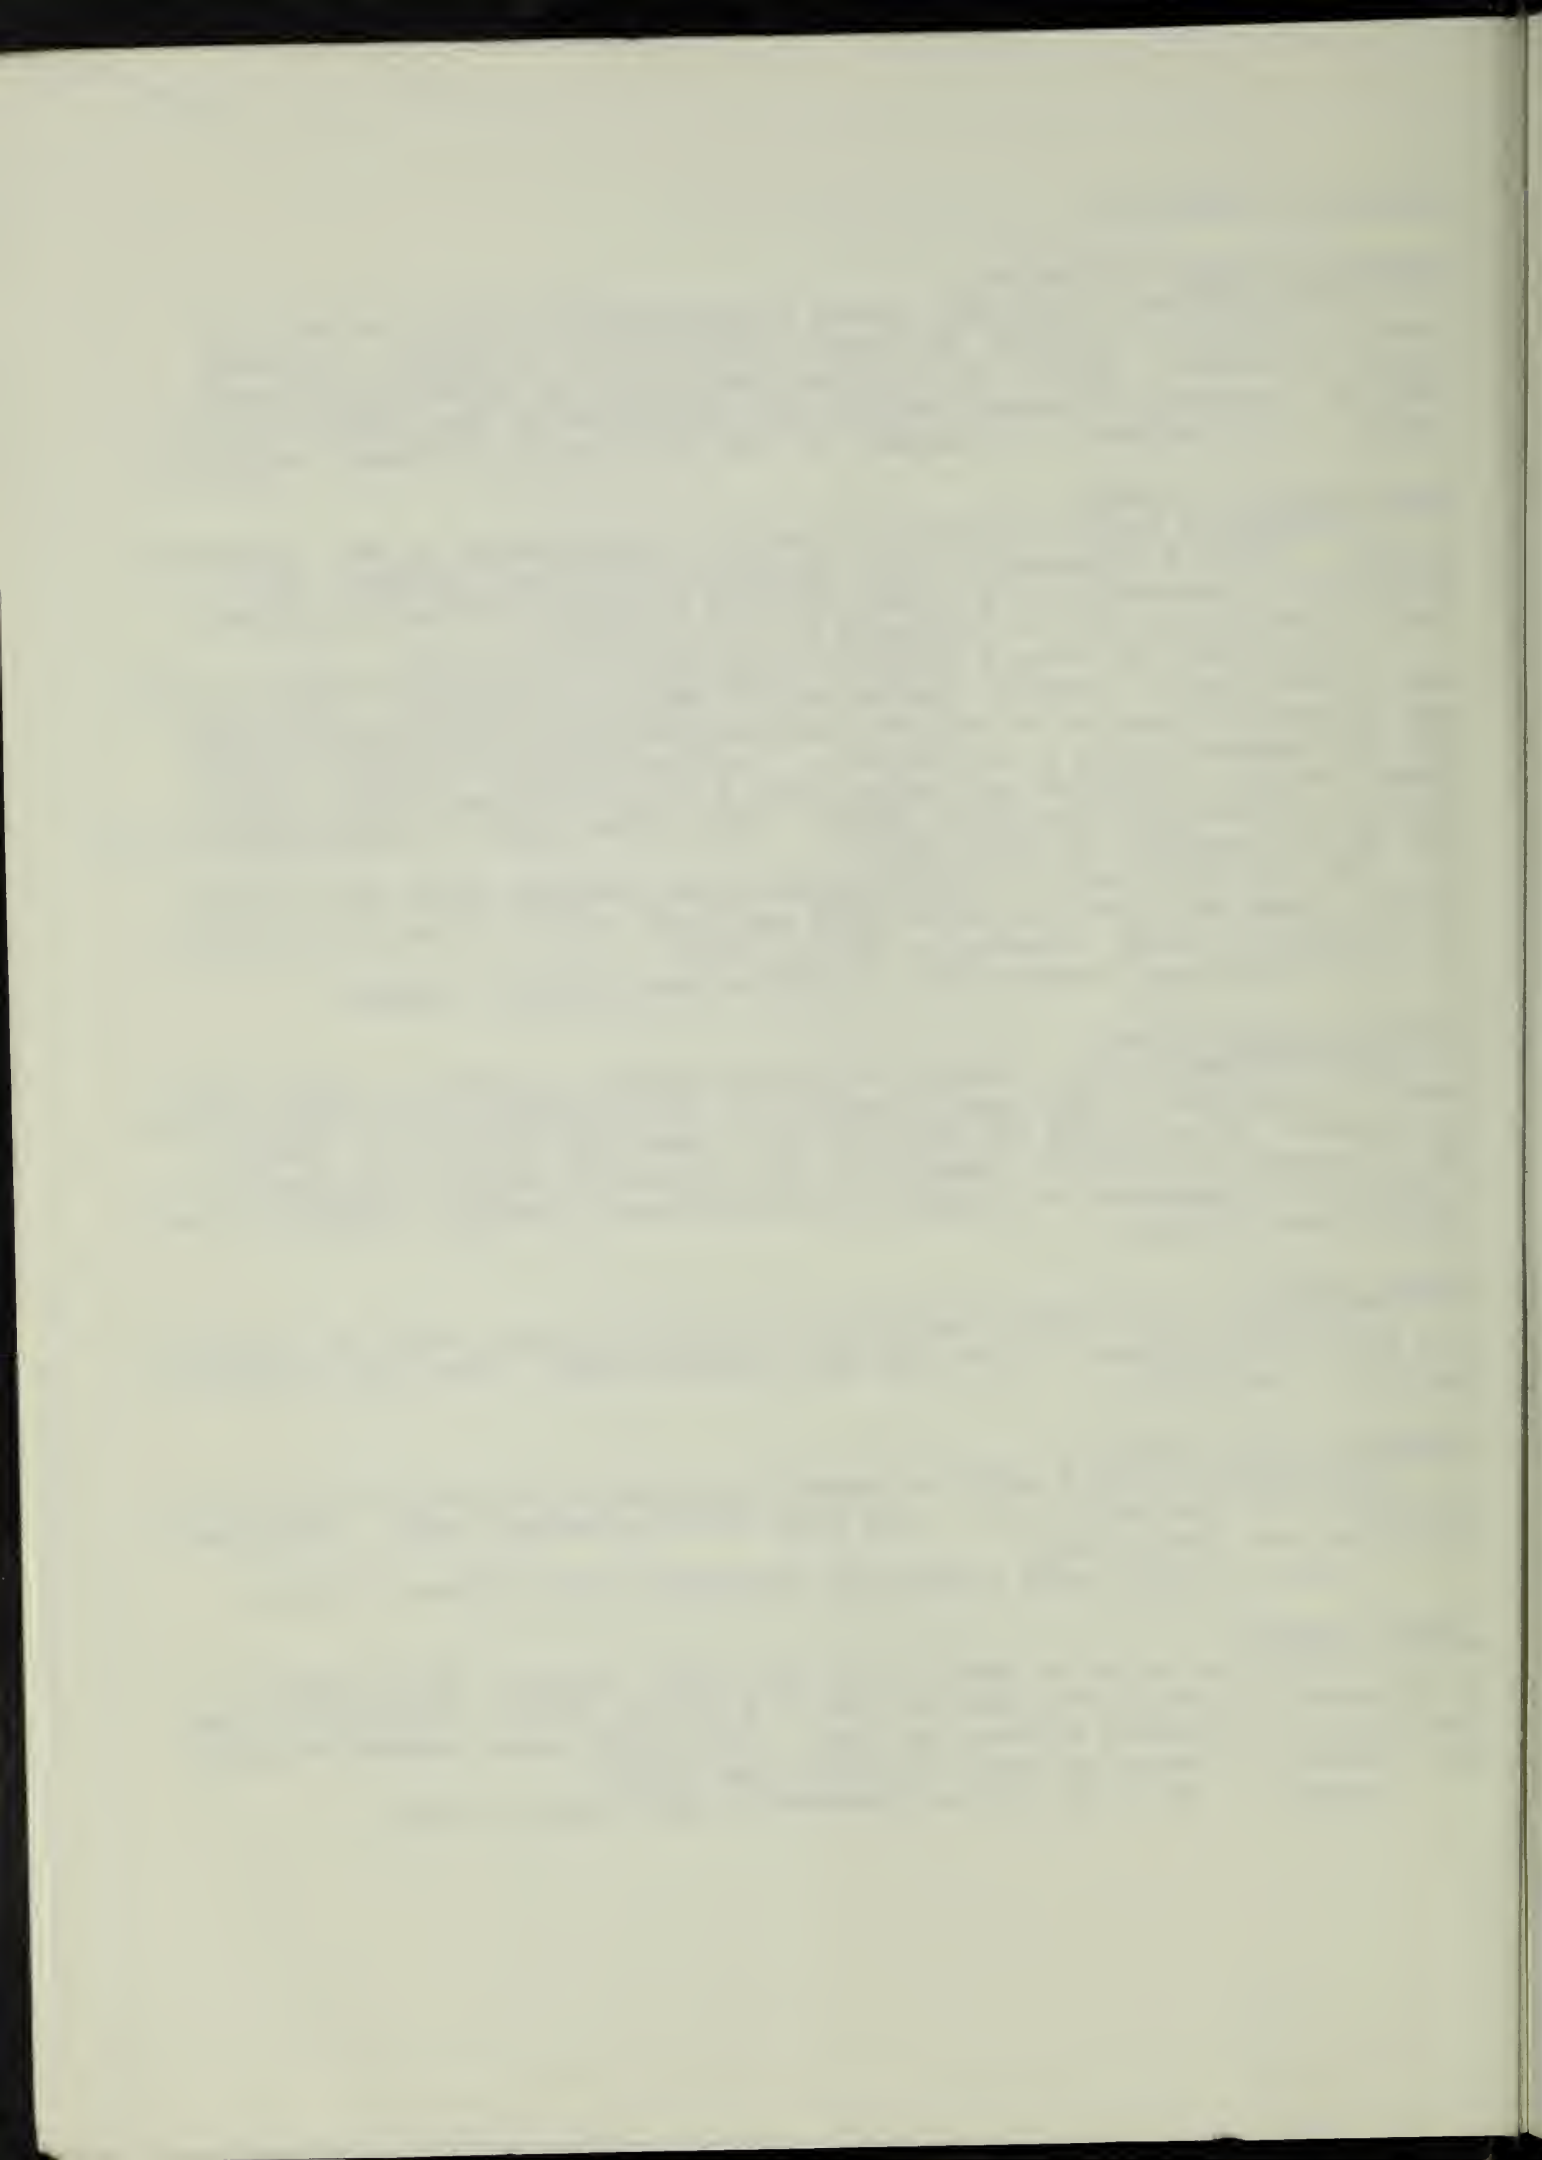

Very sorry that I will be unable to attend the reunion this year. Jim works in Concord, N.H. I am busy with volunteer work. Both our children are unmarried.

I send my very best wishes to everyone in the Class of 1951.

Robert Fraser

I won't be able to make it to the Class Reunion this summer. I work evenings for ServiceMaster (Skip Fryling) and a variety of jobs for numerous persons during the day. This work even covers Saturday and Sunday. I seem to keep busy all the time.

Anyway, I do wish all my classmates the best of luck.

WHATEVER BECAME OF

Wallace Spear

Scituate Firefighter. Married to Nancy (Clapp). Have one son, William Roy.

George Bearce

32 years at Scituate Post Office, married to Carolyn Bumpus, two children.

Bruce Wyman

My wife, Dorothy, and I have four grown children, and two grandsons. My education is as follows: Tufts University - A.B. and MS. D; Boston University - M.A.; and Nova University - Ed.D. After a few years in the Unitarian ministry, I taught Sociology at Dean Jr. College for seven years before moving to PA in 1968, where I joined the staff at Delaware County Community College in Media, PA. I am still at DCCC where I am a Professor of Sociology and Coordinator of the Social Sciences.

Richard Vines

Married to Diane Prouty. Two sons, Richard - 20 and Geoffrey -18. (More information under Class of 1954)

Patricia Fortman Tuck

I just heard through my brother Mike about the impending reunion-how exciting. I'd love to come if I'm able - haven't been East since '54 and I'd love to see it and all of you again. One of my sons was there last year and Scituate was his favorite place. Knew I had smart kids.

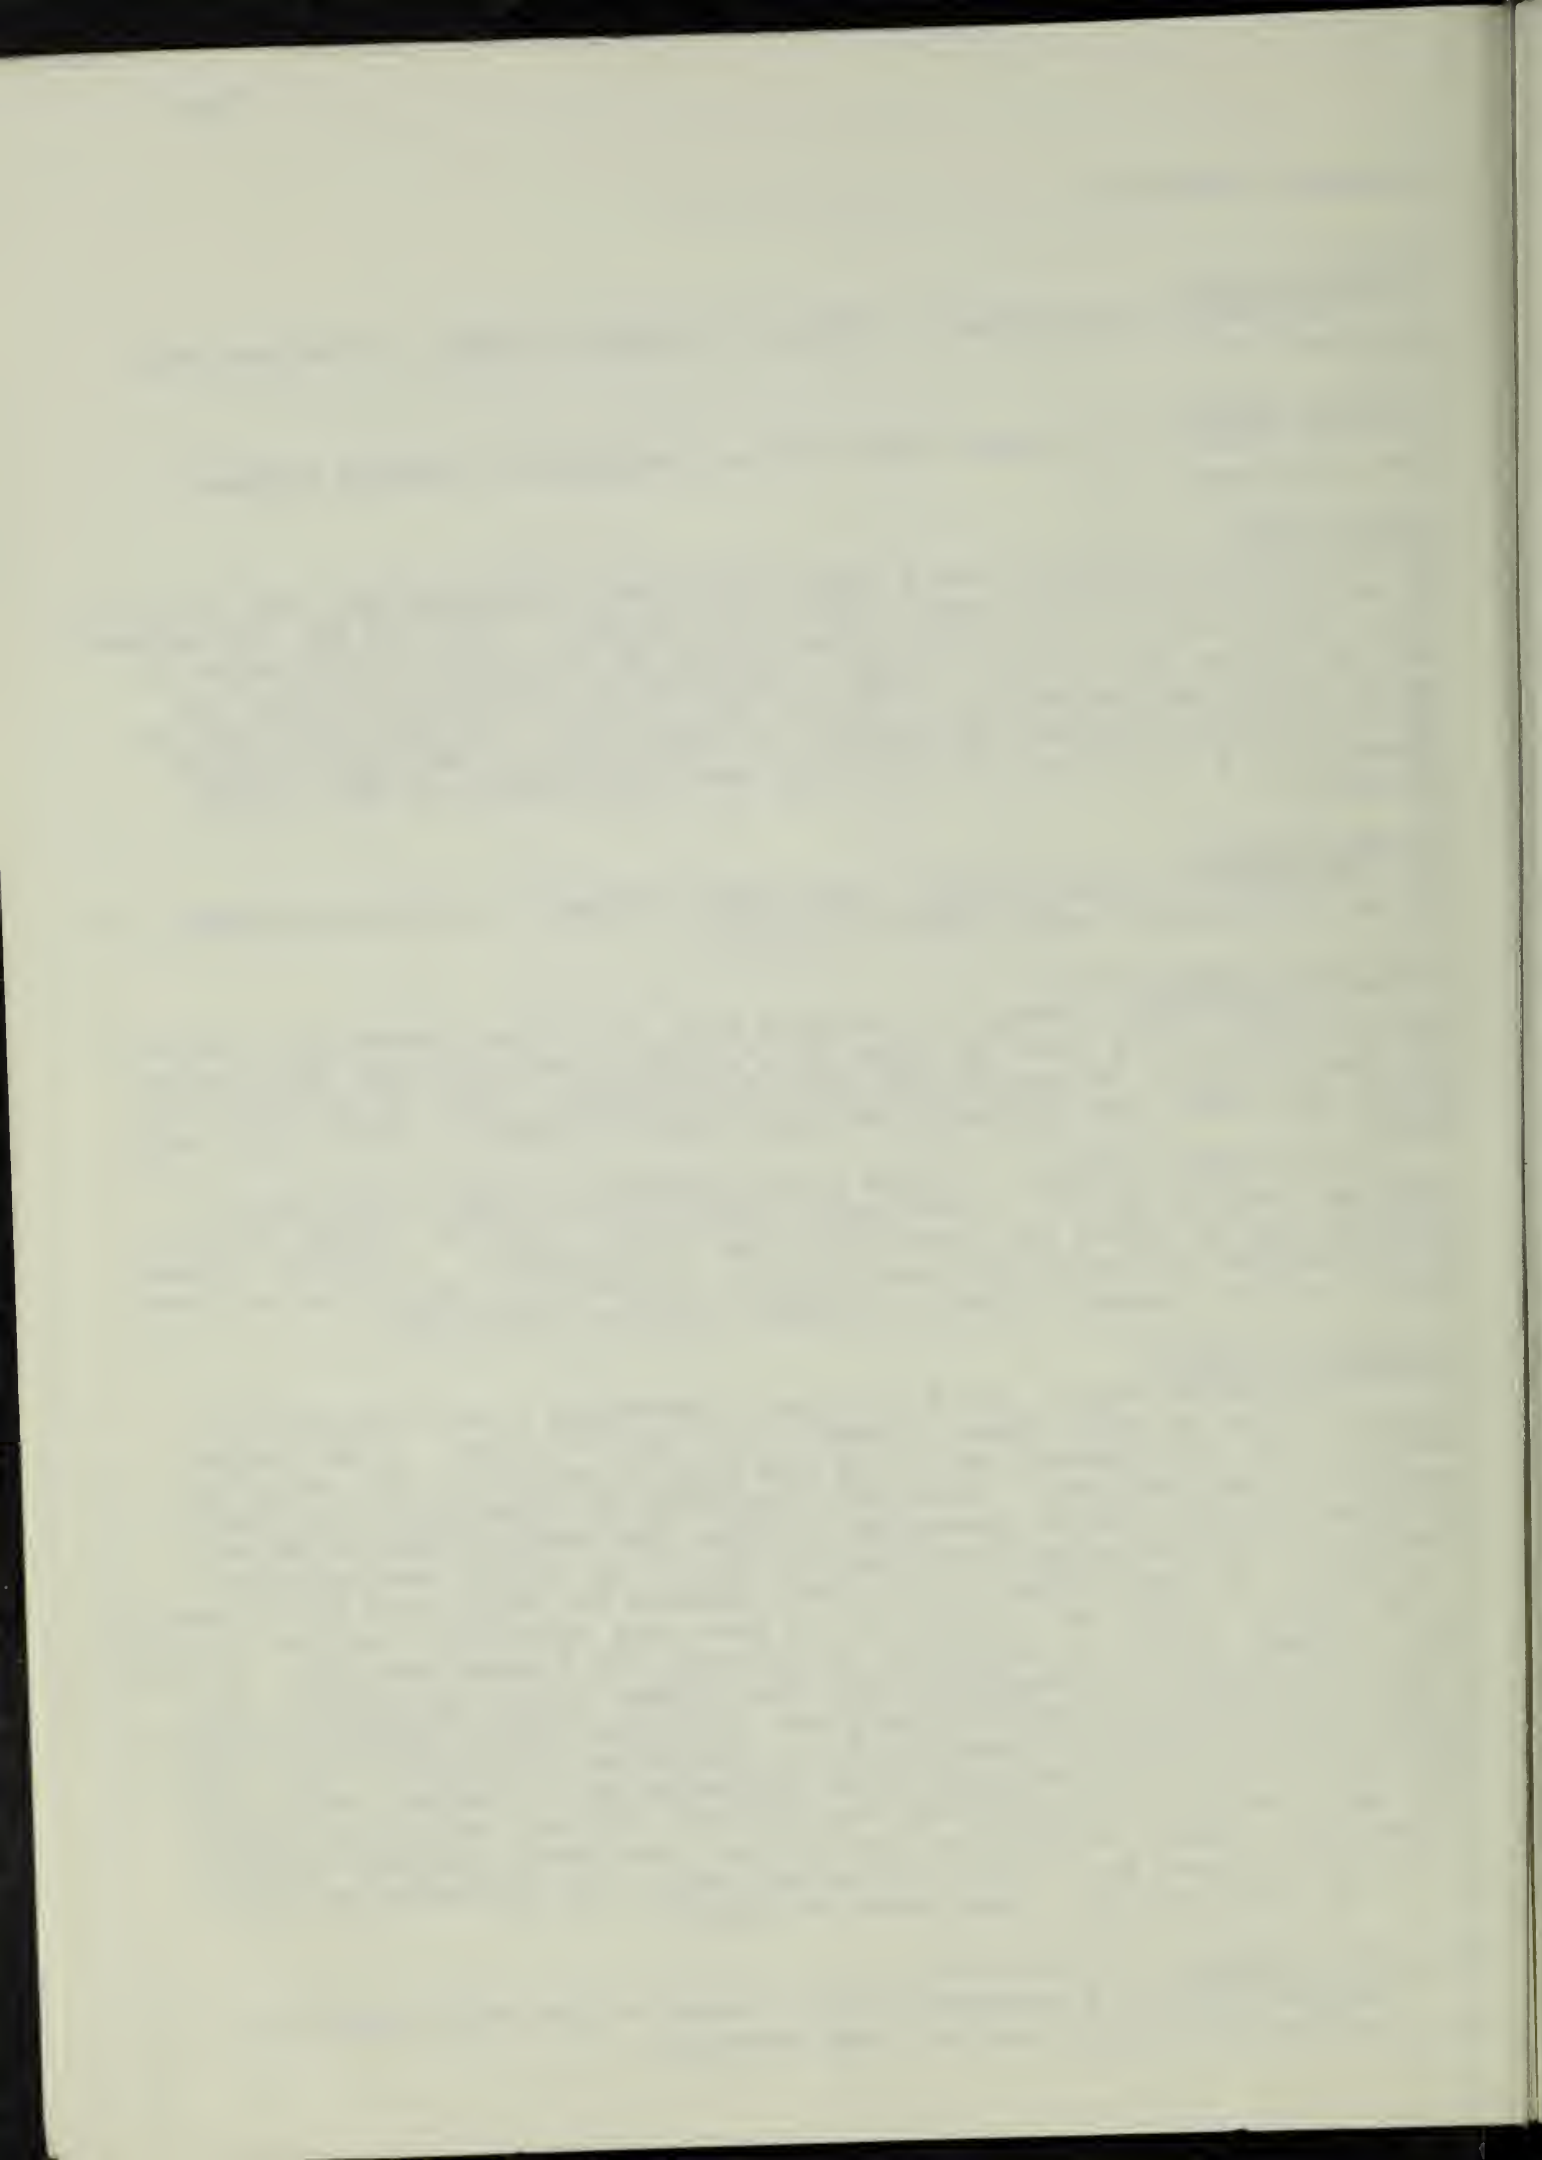

As a brief update: I have four children, 3 boys and 1 girl - ranging from 29 to 21. I've been a widow for 9 years. Lived in California for 30 years and currently live in Pasadena. A million names and questions are running thru my mind - guess I'll just have to come back for the answers. (Pat is coming with her daughter).

William H. Eaton

I am still single, self employed, operating a home maintenance business from my home where I have lived for 18 years. I no longer work on the town census, as it is now done by mail and the whole operation is on computer. Even more involved in Genealogy than ever and have joined several genealogy groups, the nearest one in Norwell. Last year I was elected Historian on one of my family associations. I am now a 30 year member of Scituate Grange and Mayflower North Pomona. In Scituate, I hold an office and am Home and Community Service Chairman. Newest hobby is cup-plate collecting and I have over 50. We have a local Pairpoint collector's club and attend shows and sales. Cup plate collecting is very popular, and since the early 1970's Pairpoint Glass has 438 different ones to date, including Scituate's "Old Caken Bucket". I am still interested in gardening on a limited basis, and arts and crafts. My hopes for the future? To be a certified genealogist and lineage specialist and retire from heavy work at 62? 65? A couple of years ago I fell on an ice patch and fractured my right hip. As time goes on, I may have problems.

Mary Jane Stewart Vaillancourt

Husband Ray is a pharmacist and I work in the store with him. We have five children, none of them married.

WHATEVER BECAME OF

Richard Brebner

Brebner Claims Service, Inc. - insurance adjusters. Looking forward to seeing you and many other classmates. I think it's great that more than one class is meeting, as our classes were so small back then, it seems like the whole high school was a fellow classmate.

Jeri Cleason Cerilli

Joseph Cerilli

Still happily married to each other; are grandparents. Enjoying our residence in Scituate. Joe is supervisor at Cohasset Post Office. Jeri busy managing home and family.

Harold "Mac" McAvenia

WHATEVER BECAME OF

David Evans

Let's see, I went to Brown for awhile, then went in the Marines. I didn't steal a train like Peter Nord, but I did shoot up what's euphemistically known as a rest room at Camp Lejeune one night. I was on guard duty (can you imagine guarding an active military base in North Carolina? From who? the Democrats?). Anyway, I had a loaded 45, and went in to take a dump. The damn cockroaches were crawling all over a 50 foot line of commodes, so it seemed appropriate at the time to trash a few. A 45 does serious damage to a porcelain commode, whilst wasting a cockroach. I had a serious man to man with the CO, but managed to get the dude laughing enough so all he made me do was stay home for a few weekends. Turned out that wasn't bad, there were lots of reserves on base, including some lady Marines, also known as pussy. I digress.

Went back to Brown, then went to work for Massa in Hingham as their lowest wage employee. Seems like that started a trend. Spent some time with Massa on trips to the West Coast, including one in February. I left my MG parked at Logan for 2 weeks, and when I got back at 1:00 A.M., the sucker was encased in a solid block of clear blue ice. After I kicked the ice off, the damn sliding plastic window was frozen solid shut. The textbook solution is to pour a teakettle of hot water over it, but the only place I could get warm water at 1:00 A.M. in Logan's parking lot was from my own internal source. When you have to pee on your own car, you don't want to live there any more.

Therefore, to California. L.A. with Massa, then to an electronics rep for 6 yrs. There I met my charming bride, who also said the hell with snow, and departed Pittsburgh looking for an up and coming male who didn't dig coal. I clearly had little experience with coal, so we hit it off directly. She has provided me with two children, a daughter of 16 going on 24, who floats through it all, and a son of 13, who's into it all and does it well. All told - a good group.

Went to work for a laser company as a salesman about 20 yrs. ago, been there ever since. Sold for awhile, ran the US sales for awhile, ran the world sales for awhile, spent lots of time on tin cans at 35,000 feet, saw a variety of the countryside. Couple of years ago I moved over to a spin-off as marketing manager, trying like hell to get rich quick in high tech silicon Valley like every other dreamer.

Family is great, have a boat, do some water skiing, tennis, your basic consumers advertising manager's dream. I just realized, it says attach brief history. Sorry, I thought it said a brief of history. See you in July.

Charles Noble

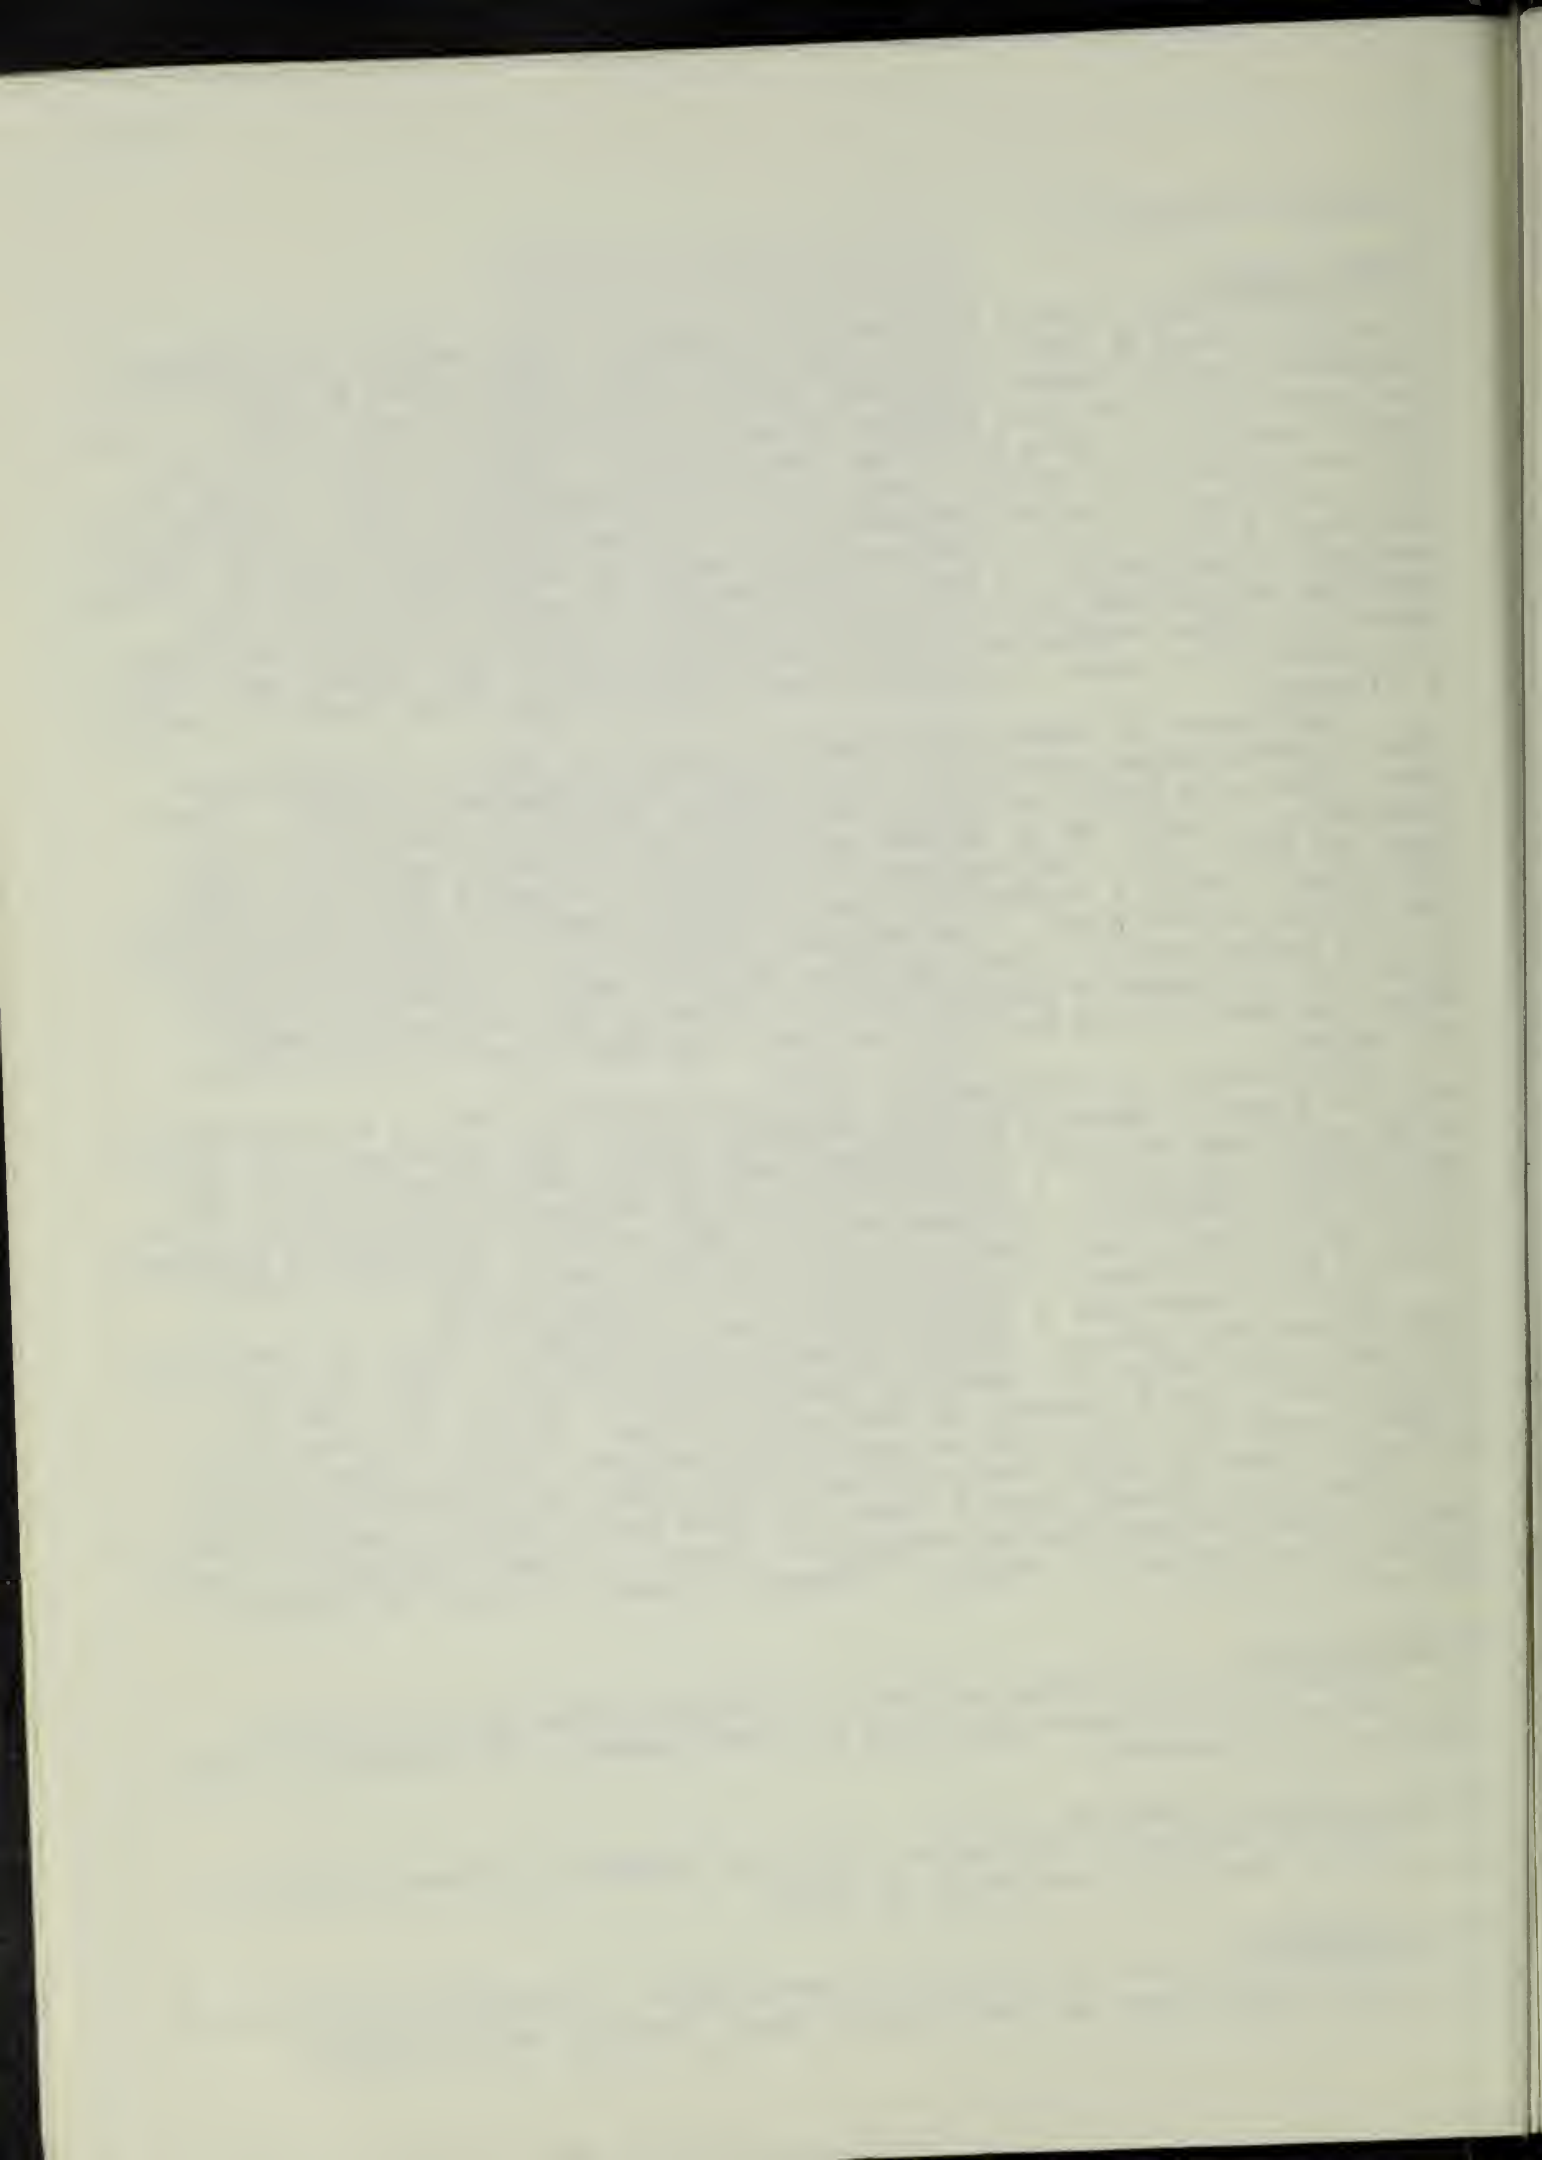

Married for 27 years and have 5 children from 20 to 26 years. Still have love of boats and live for the summer. Own building supply business in Plymouth.

Judith Bernard Appleton

Judy is living in Scituate. Will be unable to attend reunion as she will be away for the month of July.

David LaVange

From 1952-73 was in U.S.A.F., world-wide. Currently mailroom and print shop supervisor at South Shore Bank, Quincy, main office.

WHATEVER BECAME OF

Priscilla Merritt Wilcox

Clay & I enjoyed the '52 Class Reunion at Noble's and want to say "Hi" to everyone. No big changes in the four years except of course the girls are now into the "terrible teens" and we are experiencing all those joys. Sorry, we are unable to attend this year as Clayton is working weekends. We'll be with you in spirit!

Shirley Pettersen Allen

Graduated from Forsyth School for Dental Hygienist 1954. Married 1957 to Richard Allen who works for Weyerhaeuser Co., in Tacoma, Washington. Have two young adults - a son Richard Jr. and a daughter Sharon Ann attending Art Institute of Seattle, WA.

This affair sounds so great, am so sorry can't make it but we were in Maine and MA last summer in July for three weeks and we head for Hawaii for two weeks April 11th.

We've done much traveling and lived many places but Scituate will always be a special part of my life.

Joyce Bamber Jokinen

Divorced after twenty years of marriage. Two children; 1 son living with me. Work: laboratory manager in quality control company (7 years). Lived in Midwest, Europe, Massachusetts. College: Antioch

Barbara Hunter MacArthur

I left Scituate 11 years ago and lived in the midwest for 6 years. I've been living in Tampa, FL. for the past 5 years. After raising 2 children I returned to the work force 3 years ago. Being recently divorced, I'm putting a lot of effort now into my career. I am currently co-ordinator of the Radiology Department in the Tampa Bay area for Cigna Healthplan of Florida. My son is a Junior at Dartmouth College in N.H., and my daughter a Sophomore at the University of Florida in Gainesville. I'm excited about returning to Scituate for the reunion and hope to see a lot of old friends.

Evelyn Jenney Eaton

Graduated from Wheelock College 1956. Taught school in Oxnard, CA. 1956-60, married Homer Eaton in August 1959. Taught in Cambridge, MA while Homer attended Harvard Business School 1960-62. Lived in Hawaii, bore two daughters; Becky in 1966 and Barbara in 1969. Homer worked for Castler & Cooke, Inc. From 1972-75 the company sent us to the Philippines, Honduras & Guatemala. 1975 settled in Hillsborough, CA, near San Francisco. Love it here! Active in Unitarian Church - choir, etc. Volunteer work, and tennis - just like the old days! The girls are growing into lovely young women. Becky is at Princeton and Barbara is a high school senior. Homer now has his own business to enjoy.

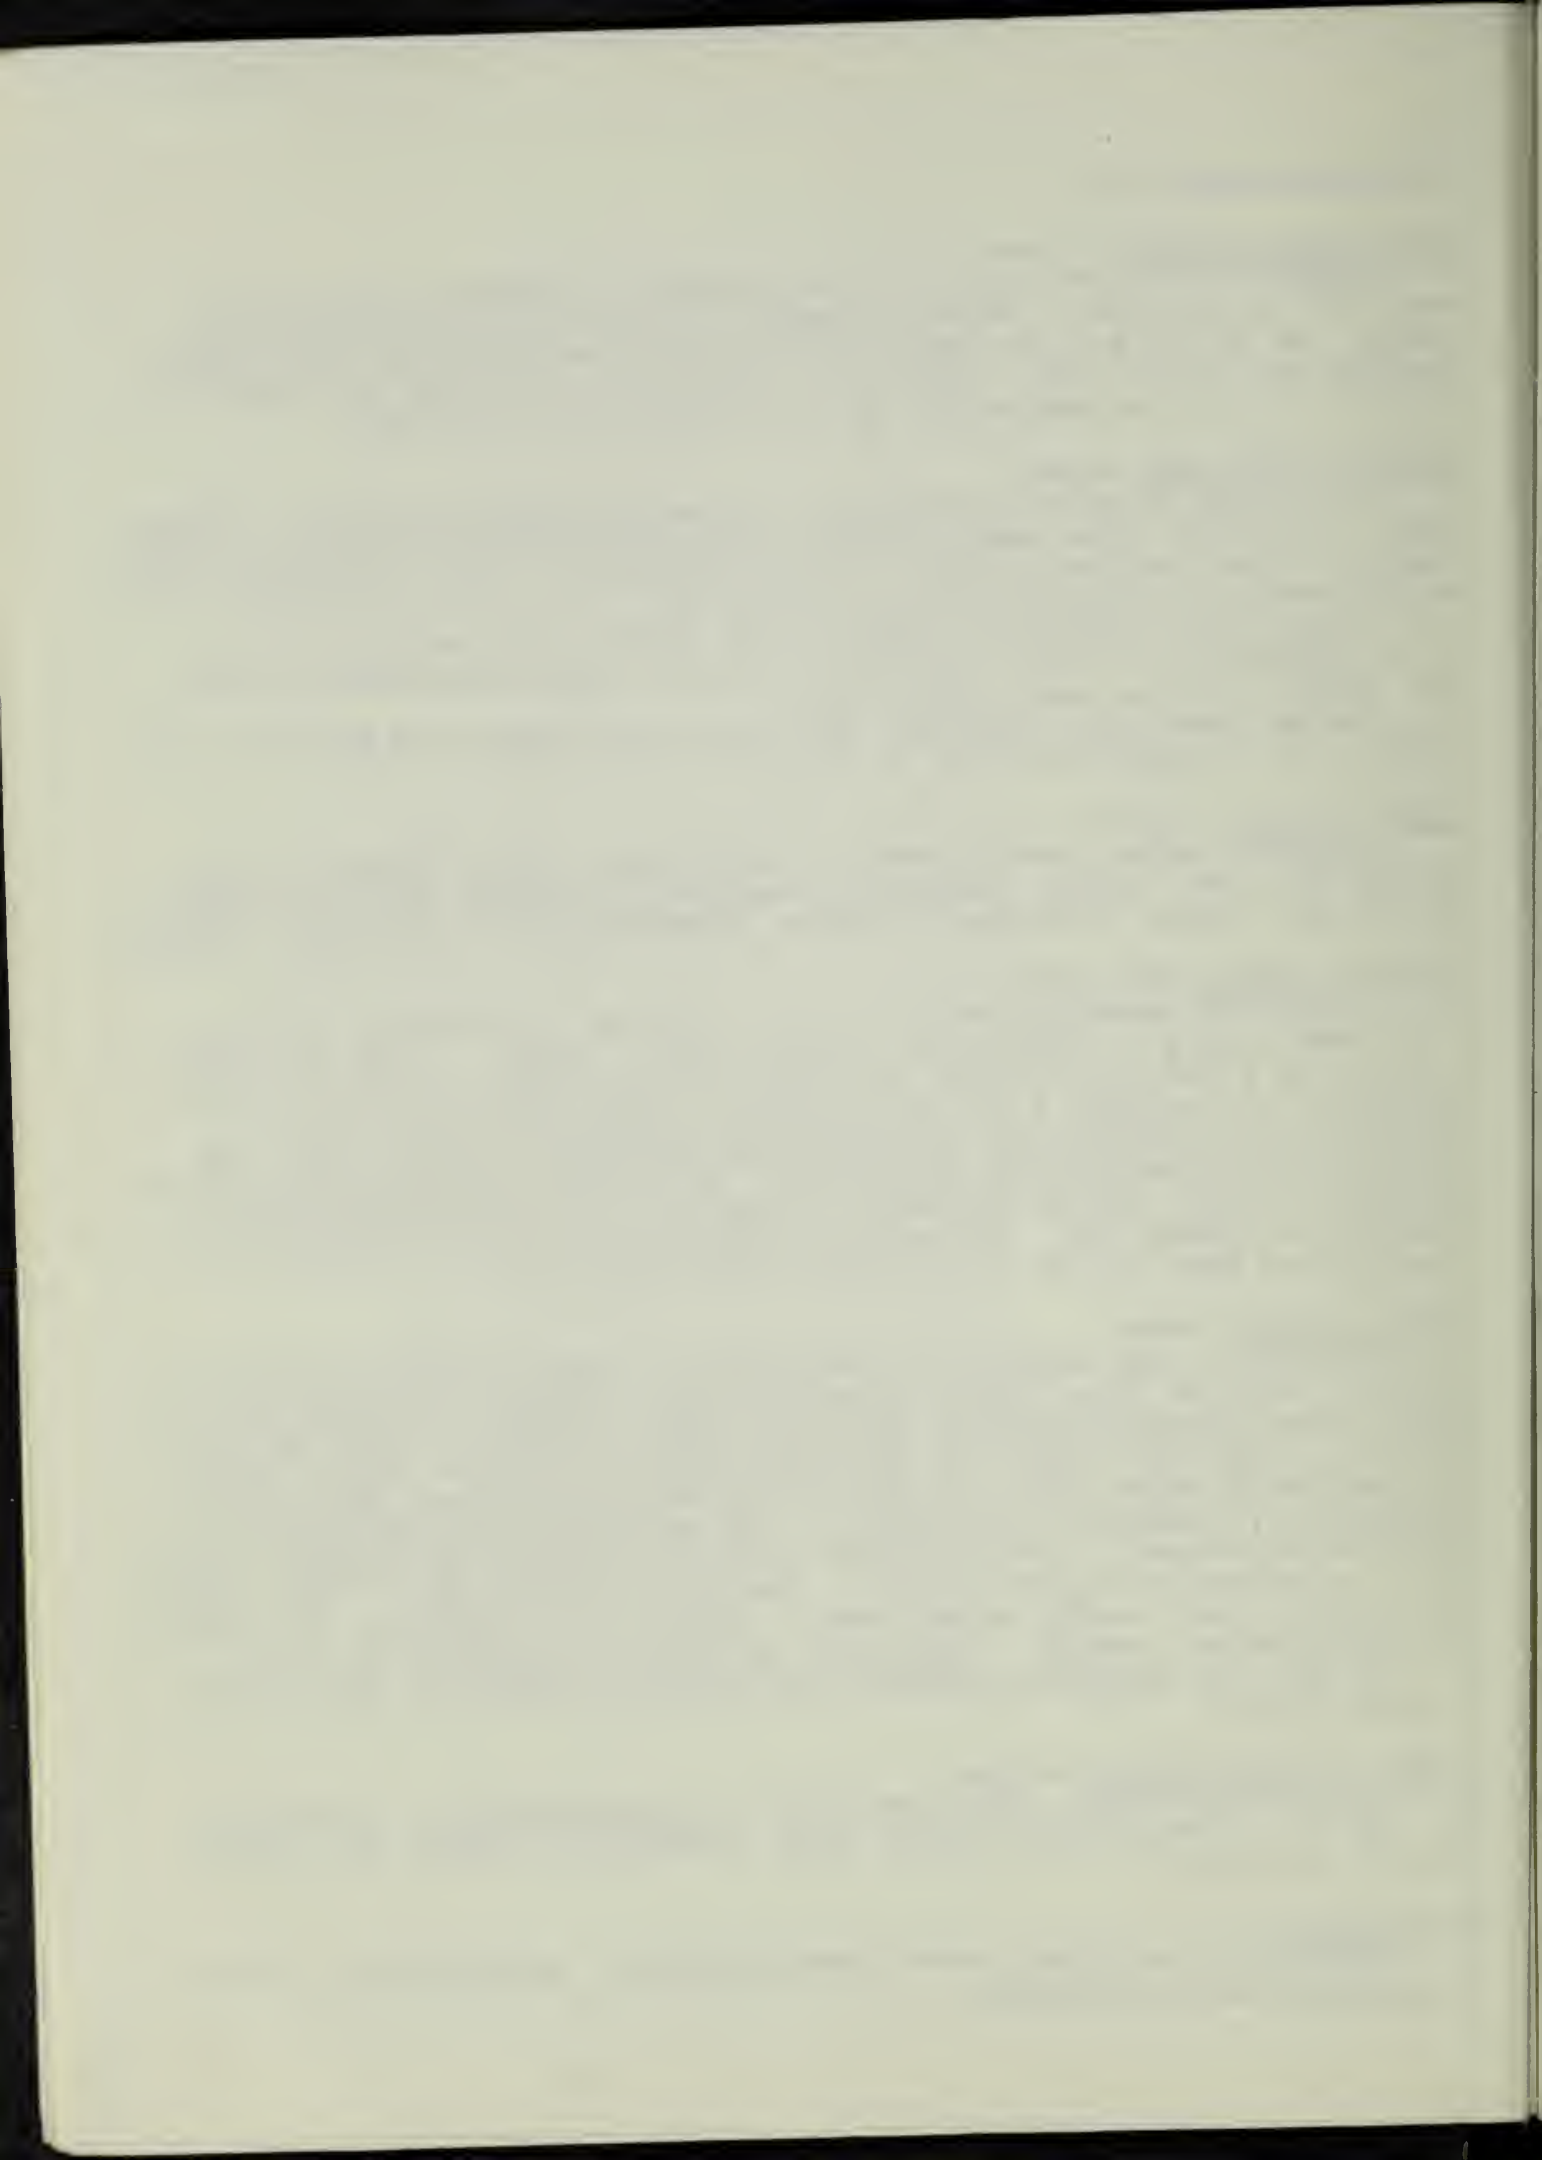

We are all happy and healthy, and hope to remain so for at least 30 more years!

Teresa "DeeDee" Dowd Collins

Widow since 1975. Four daughters, 3 grandchildren. President for 2nd yr. at Marshfield V.F.W. Aux. Working at tennis club taking care of children.

Joan Perry Cole

Married, 4 children, seven grandchildren. Hairdresser. Live on a cranberry bog in Norwell.

WHATEVER BECAME OF

Sara Lee Hamilton

Thought we'd be able to make this bash this year but can't take time away then! Had already planned to be up with Bob around Labor Day and shouldn't be gone both times!

George is very busy with his business and we do travel a lot - trip (company) to Florida in August - have to stay home sometimes.

Both our daughters are sharing an apartment in San Antonio now. Heidi moved down last September and Denise is an Air Force nurse-Lt. Heidi is a dental hygienist.

We still have the farm - too many chores - must begin cutting hay next week. It's streamlined to a 2 man operation (I'm the 2nd man) but we plan to cut number of animals down - we say that every year!

Other than a few more pounds here and there, and lots of extra grey hairs - just about the same as last reunion time.

See you all next time.

Betty Monteiro Rodrigues

Have been married 33 years in August. Two children, both married and three grandchildren. Still working at Thayer Pharmacy 19 years. Trying to survive everything in life, living each day at a time.

Hello all! Can't be with you in July, but wish you well. I find myself at 50 living in a shack by a lake in Sweden, working as an occupational therapist. How I got here you can read in the novel when it's published! Still wondering what I'll be when I grow up and hoping that will be never! Stage Struck is the only thing I still am that I was in 1953 - and I work that out by singing in a choir and a Rock & Roll Group. Special greeting to Joe Jacobucci - 12 years in alphabetical order leaves an imprint.

My husband, Bill Nealley, died in March of 1984. I have three sons. The oldest two work for the family business. The youngest is a stock-broker. My daughter is a senior at the Univ. of So. Maine.

I'm involved in the family business (Snow & Nealley Co.) and work as a school librarian. I spend summers on the coast - gardening, tennis etc. and do some skiing in the winter. My best to everyone. (a big hello to the President of the class of '53!)

I am sorry to say but my husband Dick and I won't be able to attend. He is recuperating from extensive back surgery and the trip is a little much. He never knows just how he will feel. We wish you all a wonderful time.

Since my divorce 4 years ago, I've been office manager for Plymouth County Development Council, a non-profit corporation which promotes tourism and industrial development in Plymouth County. Russell Prouty

You know, I still really feel the "roots" of my hometown and do hope to spend some of my retirement months/years there. I feel lucky still that I got to go to a six-room, brick school-house my first six grades!

What's happened in my life since I graduated in the bottom 10th of the class of 1954? (Was it 50 out of 51?)

Huntington School in Boston 54-55 - Learned how to study!
Brown University - graduated 1959, U. S. Marine Corps - Quantico 1960, Camp Lejeune, N.C. 1961-63; Marine Barracks, Bermuda 1963-65; Republic Vietnam, Artillery Battery C.O. 1965-66; Albany, Georgia, USMC Supply Ctr. 1966-67; 2d Marine Division - Afloat in Caribbean 1967-69; Republic of Vietnam, Advisor to RUN Unit 1970-71; Command of Staff College-Quantico/instructor 1972-75, HQTRS, USMC - Arlington 1976-80; 3rd Marine Division - Okinawa 1980-81; Navy Fleet Hospital Project, Arlington 1982- Retirement August 1, 1986.

Twenty six years in the Corps: I'd do the first 20 years over again in a minute! Seen a lot of places. Run a lot of jogging miles. Still like to read books! History and literature. Still like marching band music a lot!

I've been back once or twice a year since I've been stationed in Virginia. Some say it's changed a lot, but sleepy little Booth Hill Road seems the same to me.

I've picked up a three year old daughter on the way through life, a real cute kid. She gets plenty of ball gloves and bats and I see her every weekend.

I've been blessed with good health, continued enthusiasim for living and people, and a thirst for knowledge.

I have a teaching certificate and/or banking plans for a second career, with summers in Scituate or West Falmouth. My sister Barb lives in Philadelphia - brother Jim in Plymouth, MA, Rich in Novato, CA and the kid, Tom, doing well in San Mateo, CA. Mom and Dad are both alive and healthy. I feel I've been very lucky; and have thought seriously of spending some time giving back a little of myself to the church, school or community which certainly gave me a positive outlook on life, provided me with life-long friends, and 20 years of rocking-chair memories! Hey, do we get a good oak tree or a new high-light board for S.H.S.? or do they need library books?

Yvonne Mongeau Frates

We have lived in Vermont for twenty years and Woodstock is a picture book town. Norm's been principal for all these years and I've been teaching and coaching tennis and field hockey for the last eleven years.

We have four terrific children. Our oldest, Norm Jr. owns a Sports Store in Ludlow, VT., our second son is a tennis pro in Ct., married and has two babies. Our oldest daughter Lynne graduated from Boston College last year and works for Gallo Wines in L.A., and our youngest daughter is a junior in high school and wants to follow in her sister's footsteps.

We are looking forward to seeing you all this summer.

Maureen Stark Shea

Maureen believed me when I asked for a brief history! She writes: Three children, one gradson, occupation: legal secretary

WHATEVER BECAME OF

Ruth Mitchell Clark

After high school, I attended Leland Powers School of Radio, Television and Theater in Boston for two years. I graduated and went to work as a commercial copy writer for radio station WCNX in Middletown, CT. In three months I knew this was not my kind of work.

Having become engaged, I found a position in Middletown as a clerk-typist. Office work was for me! After marrying Bill Clark in 1957, the next 10 years held many changes. We had a daughter and two sons, and I held office jobs with five different firms. We started camping as a way of life and camped in most of the states on the East coast over a period of years.

Finally, in 1968, I went to work for Continental Can Co. which had four name changes in the next 14 years, and was eventually sold to Stone Container Corporation in 1983. In 1984 I received my Associates Degree in Accounting and transferred to Stone Container Corp. in Columbia, South Carolina in the Accounting Department. I've been with the same company now for 18 years - - regardless of the names - and expect to stay until I retire.

South Carolina, where spring comes early and fall comes late and winter hardly comes at all, will be our home for the next 30 years and more we hope. Bill & I enjoy touring on our Gold Wing motorcycle and we belong to a mixed bowling league. We have four grandchildren and expect a fifth in October. Our daughter and oldest son live in CT, our youngest son is in the Air Force and stationed in Illinois.

Phyllis Fleming

Phyllis has been ill for many years now. After the death of her Mother, she moved to North River Nursing Home, Washington Street, North Pembroke, MA 02358. I am sure she would love to hear from us. Why not drop her a card.. . or better yet, visit.

Robert D. Loring

I am still living in Scituate and maintain a law office in Scituate Harbor. Looking forward to the reunion.

Carolyn Bumpus Bearce

Married to George Bearce for 28 years. Owner of Carolyn's Beauty Shop; two children - a boy 25 and a girl 22.

Diane Prouty Vines

32 years! If it weren't for being fat and grey, I wouldn't believe it! Dick is general manager of Massachusetts Engineering Co., an underground storage tank manufacturer in Avon, MA and I work for a real estate developer in Hingham. We are both fortunate to have jobs which we enjoy.

Our oldest son, Rick, leaves for Spain August 1st to travel and then attend the University of Grenada for 6 months before resuming his studies as a junior at U.N.H. Geoffrey will be a senior at Scituate High School in the fall.

We are in the process of remodeling the kitchen and if this doesn't cause a divorce, plan to celebrate our 25th anniversary in the fall. Retirement is still ten years away, but we intend to stay in Scituate. We really love it here and life has been good to us.

WHATEVER BECAME OF

James R. Tedford

9/54-6/57 U.S. Air Force; 7/58-6/61 U. of Mass., Amherst (B.B.A.)
1967 to present - manager and president "Tedford Chrysler-Plymouth, Inc."
Wife - Pat, married 24 years. Son James R. Jr. (22) Mt. Wachusett
C.C. and Tedford C/P, Inc. Daughter Sarah E. (20) Tufts Univ. Class '87.

Elizabeth Foster

Lighthouse keeper, emergency room nurse, sailor, skier and a
dynamic single woman!

Dianne T. Sherman L'Heureux

I'm still not sure where we'll be in July. We're sending a check
anyway and hope to make it. Sounds like great fun. (That's the spirit)

Judy Lieber Baker

I would have loved it but we will be on our summer vacation at
that time and our plans cannot be changed. Really hate to miss out
but maybe next time. Would be such fun to learn how life has dealt
with everyone.

Have been remarried for about ten years and am old, fat and happy.
(Judy sent a picture and she just looks happy!)

David Roberts

This is my 25th year with the State Department, serving overseas
continuously since 1961 in Amman, Jordan; Ibadan, Nigeria; The Hague,
Netherlands; Calcutta, India; Colombo, Sri Lanka; Tunis, Tunisia;
Kuala Lumpur; Beijing, China and presently in Bonn, Germany. Unfor-
tunately I am unable to take leave because of other commitments that
demand I remain at post. You all back in Scituate may not know too
much about Gramm-Rudman, but it has created massive work for us in
Administering embassies. The 4.3 percent budget cut to get us started
on a balanced budget was okay, but add a 30 percent loss in the purchas-
ing power of the dollar has been the hardest for us to take. We do
not have programs like the military, so no B-1 bombers to cut - our
only resources are in personnel and this means reducing our presence
overseas. Makes life and work more interesting.

Our twins - Scott and Jennifer are seniors at Penn State. Scott
is an AFROTC candidate and is an aeronautical engineer and Jennifer's
major is International Business Relations. They sure didn't end up
with their Dad's brains!

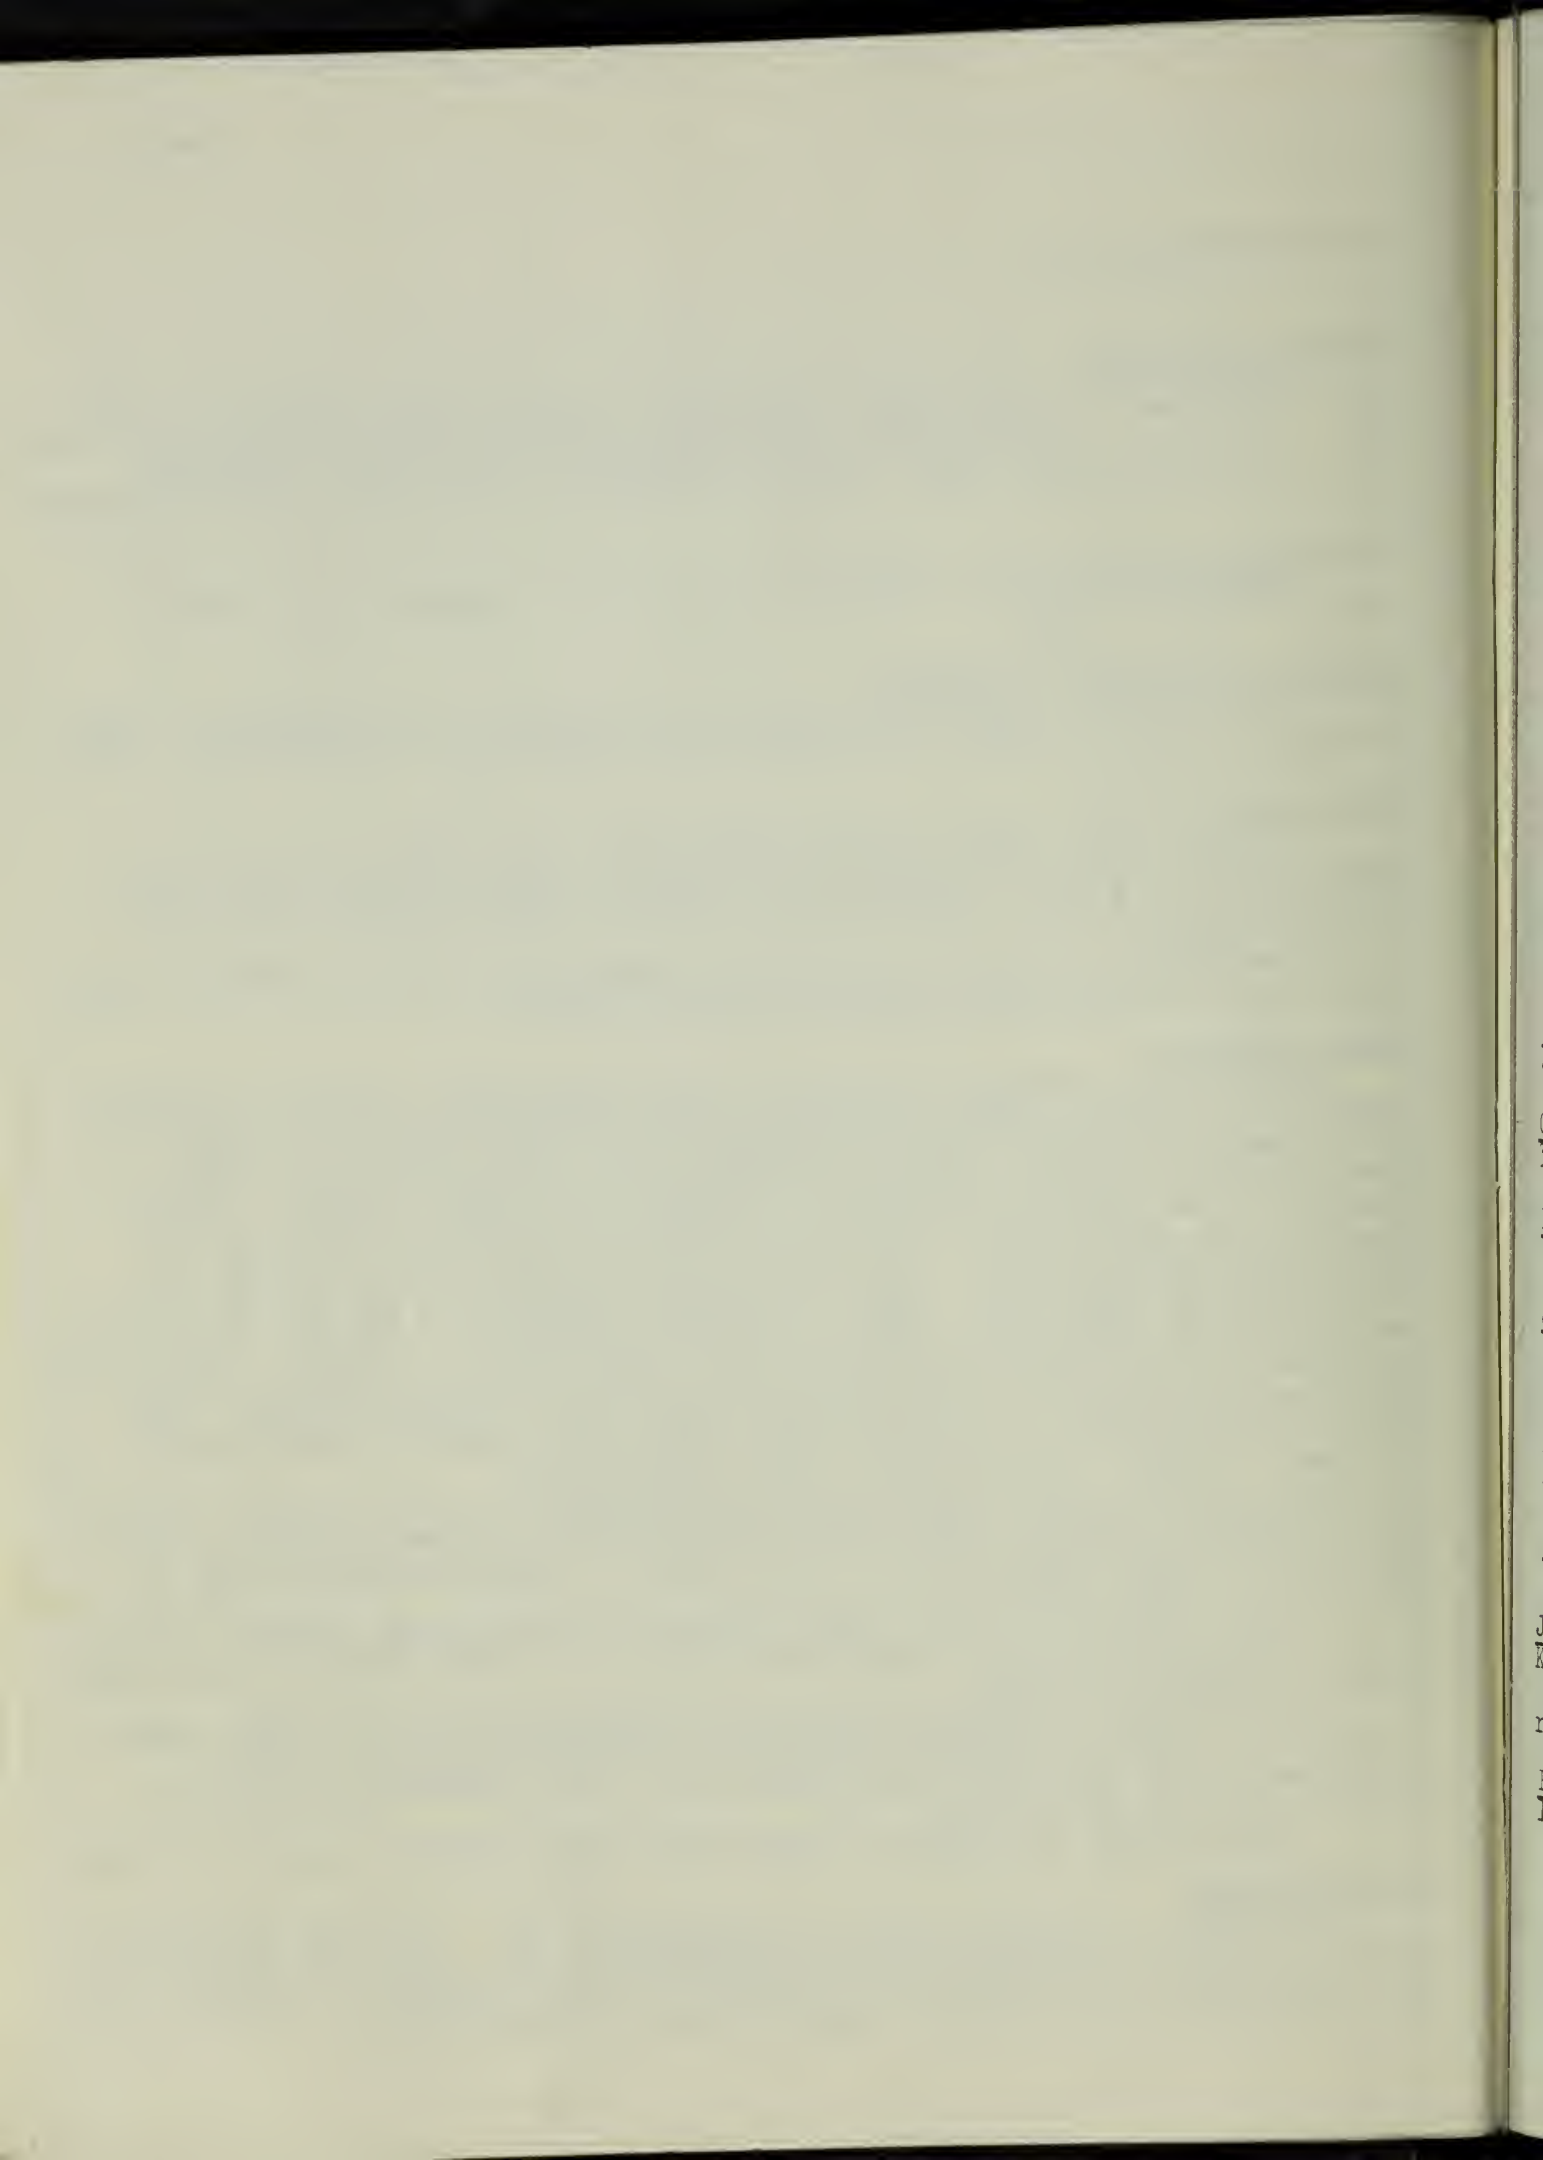

I have done quite well in my career in the Foreign Service with a
GS-15 (Colonel) rank and a good possibility of being selected into the
Senior Executive Service.

As I do own the family home at 214 Clapp Road one of these years
I should be able to attend a reunion. This may just be my last
assignment with the State Department and I look forward to the day
when I can play golf daily.

I wish you all the best of luck and please give my regards to all.

Shirley Walsh

Divorced, 5 children and 2 1/2 grandchildren. Recently received my
graduate degree in Human Resource Management. Am career counselor for
GTE in Waltham. (Shirley was recently in a bad accident & received burn
over 40% of her body and was hospitalized for two months.)

Lillian Finnie

Evanswood Retirement Home, 18 Lake Street, Kingston, MA 02364

Dear Alumni & Guests: What a surprise and what an honor to be included in your alumni gathering! I appreciate the invitation - thank you. May you have a wonderful meeting and renew old friendships. I wish that it were possible for me to attend but that is out of the question.

As you know, in 1949 I stopped teacher substitute work and became librarian of the Allen Memorial Library. Here I remained until 1962 when the 2 libraries merged and moved to the new library building.

In 1980 I became a resident of the Evanswood Retirement Home. During my first three years I volunteered 3 mornings a week in the Silver Lake Regional High School Library.

On May 14th, 1986 I had my 90th birthday and am "still going strong". Thank you again and God bless you all!

Alma Shmauk Burden

52 Otis Place, Scituate, MA 02066

It pleased me to be thought of, and invited to your class reunion. Those days of your class and many others I remember with much pleasure. Then the school was much more like a family.

When I see my students grown up - great parents - with fine children, it gives me a lift!

I don't go out too much at night so I don't plan to be at the reunion. Please give my warmest regards to your class mates and all the best to you all - now and in the future. (Alma is once again fighting cancer.)
